11 January 2024

Dear Parent/Guardian

Year 8 Face to Face with Enterprise – Wednesday 17 January 2024

To improve students' awareness of the world of business finance and to start them on the journey towards understanding how businesses operate, Year 8 students will be taking part in a day event called 'Face to Face with Enterprise' on Wednesday 17 January 2024.

This event takes place within school time and students will be in smart uniform as usual. They will be working in teams to simulate the competitive nature of real-world business and competition. This allows them to focus more clearly on being able to work to their individual strengths and to communicate ideas effectively to the others in their team.

Students will not need to bring their books for the lesson they would normally have on that day, although bringing basic stationery would be helpful. Please would students **not** bring a large bag with them as there will be no space available for them to store it where they will be working.

I look forward to working with Year 8 students on this event which will encourage a greater awareness of business and employability. Further events to improve their understanding of work take place during Year 9, 10 and 11, which will continue to develop their skills around work related learning.

If you have any questions about the 'Face to Face with Enterprise' Event, please do not hesitate to contact me at school.

Yours sincerely

Mr D Batch
Leader of Vocational Education
