

**HEDDINGHAM SCHOOL
AND SIXTH FORM**
ACHIEVEMENT & EXCELLENCE

Official

September 2024

Dear Parent/Guardian

Key Stage 3 Design & Technology

During the coming year your son or daughter will be studying Design and Technology as part of the Key Stage 3 School Curriculum. Student experience within Design and Technology is designed to be broad and our curriculum extends the opportunity to design and make products in a wide range of materials, including wood, plastics, metals, textiles, electronics and food.

The programme of study offers diverse and exciting opportunities for your child, however the resource implications for the school are considerable. We would therefore ask for a voluntary contribution of £7.50 to support, maintain and develop the range of materials and resources available to students and additionally enable students to take their completed design and practical work home.

We will ensure payment can be made online through your child's ParentPay account and would like to thank you for your continued support. Payments can be deposited via ParentPay shortly.

Yours sincerely

Mr J Gamble
Leader of Design and Technology
