Dear Parent/Guardian

Year 11 Targeted Parents' Evening (Remote) – Thursday 6 February 2025

You will shortly receive an email of your child's most recent progress report outlining their current academic progress and recent attitudinal data (Classwork, Behaviour and Homework). On this report you will also find information relating to your child's performance in their recent Year 11 Mock Examinations. Through a thorough post-mock examination review and careful analysis of current Year 11 progress, specific students have been identified who we feel can either maximise their outcomes or need some additional support to ensure they remain on track to achieve current predictions. Parents/Guardians of students identified during this process will receive an email inviting them to book appointments in selected specific subject areas.

The appointments will take place remotely using our 'SchoolCloud' online Parents' Evening system on **Thursday 6 February**, starting from 16:00 and ending at 18:00. Appointments will last 5 minutes with a 1-minute gap in between meetings. Parents/Guardians of students identified to take part in targeted appointments will be invited to book appointments from 06:00 on **Friday 31 January**.

As we now progress towards the exam season it is vitally important to us as a school that we do everything we can to try and maximise outcomes for our students and this Targeted Parents' Evening is just one of many different strategies which enable us to do this.

We would also like to take this opportunity to invite all parents to a **Year 11 Parents' Information Evening** on **Thursday 13 February starting at 5.00pm**. This evening will look at the different strategies and tools utilised by the school and by students to maximise their revision in the run up to their GCSE examinations. This will echo many of the messages which will be delivered to students during their Year 11 Revision Skills Morning on **Wednesday 12 February** but will cover how you can support students with these revision processes. We envisage that the event will last no more than one hour.
